- Vega Redonda.....approx. 1/3 mile
- Rio Puerco.....approx. 1.3 miles

Trail conditions:

some water crossings, boggy spots in meadows, sometimes dense forest with downed trees, cattle, snow drifts in June, trails not always well-marked

Directions from DeVargas Mall: Take Hwy. 285/84 North from the Mall. Continue North out of Espanola. Follow Hwy. 84 when it branches west at Hernandez. After Abiquiu, turn left on Hwy 96, crossing over Abiquiu Dam. Continue on 96 thru Youngsville and Coyote. You will turn left on Forest Road 172. (It is on an upward slope. If you miss it, continue on the Coyote Ranger Station on the left. You can turn around there. ) Shortly up FR 172, turn left on Forest Road 103. Continue a few miles to Forest Road 93, a slightly narrower road which climbs upward. Turn right and follow FR 93 a couple of miles to Resumidero. The larger camping area on the right is where we usually stay; although there is an "overflow" area on the left, but with fewer level areas to park.
